

## **Transportation and Disposal of Asbestos-Containing Materials**

Transportation and disposal of ACM waste are regulated by the DEP. Asbestos waste must be transported by a DEP-licensed "non-hazardous waste transporter" to a landfill approved to accept friable asbestos. Intact non-friable asbestos waste, like roofing, cement pipe, siding, and flooring, which is removed whole can be disposed of at local landfills in accordance with the landfill's license requirements.

For information on non-hazardous waste transporters, go to:  
[www.state.me.us/dep/rwm/solidwaste/nonhaztrans.htm](http://www.state.me.us/dep/rwm/solidwaste/nonhaztrans.htm)
